Letter of Recommendation for Yohannes Bezuneh

It is my great pleasure to write this letter of recommendation for Yohannes Bezuneh. I have known Yohannes Bezuneh for five years (2019/20 - 2023/24) as student while teaching him different courses at the School of Pharmacy College of Health Science, Addis Ababa University, and mentoring him in different clerkship attachments at different hospitals and community team training programs (CTTPs).

I am his preceptor in different practical clerkships at different hospitals, and community team training programs and he is extremely hard-working and truly insightful; these two characters combine to produce an especially unique and outstanding students. During these encounters, I have found him a very punctual, highly motivated, inquisitive, and young scholar. He also demonstrated outstanding academic performance with the ability to work in a team and independently with great creativity.

Yohannes academic ability is among top rate. He is always an active participant in class who listened eagerly and never hesitate to raise questions. He has excellent verbal and written communication skills. He articulates his idea clearly and boldly. His character as a student has won him the love and respect of his instructors and fellow students.

Aside from his outstanding academic qualities, Yohannes has a wealth of practical experience. He has served Ethiopian Pharmaceutical Students Association (EPSA) in different positions, involved in various charity works and organized different crucial events. He can bring a unique viewpoint, combined with an awareness and familiarity with the international world. He offers all the qualities of a good leader, and all of the characteristics desirable in ideal team member. I therefore highly recommend him to your institution, without reservation. If you need any further information, please feel free to contact me.

Sincerely

Zenebe Negash (B.Pharm) (M.Pharm)
Lecturer and Preceptor of Clinical Pharmacy
